### **City & Guilds – Unit 306 & 308 combined (ENTO D & G Unit)**

For those delegates whose job requires that they need to complete both courses this option allows for both awards to be completed in a shorter timescale. Entry requirements for the D Unit section are the same as the main Unit 308 course, [click here](#) for details.

Duration: - 3½ days (3 taught days and ½ day assessment)

Assessment is based in practical work undertaken in the employee's place of work, with written evidence and questioning of delegates as final assessment for this unit.
